## Education

---

### Westlake University

*Bachelor of Science in Artificial Intelligence*

Hangzhou, China

2024 – 2028 (Expected)

## Research Interests

---

Post-Training, RL, Agent.

## Research Experience

---

### Xiaomi LLM-Core Team

*Research Engineer*

- Research on LLM post-training and coding capabilities

Beijing, China

Jul 2026 – Present

### University of Illinois Urbana-Champaign

*Research Intern, advised by Prof. Jiaxuan You*

- Research on knowledge extraction from large language models

Remote

Nov 2025 – Jul 2026

### University of California, Merced

*Research Intern, advised by Prof. Yiwei Wang*

- Conducted research on AI agents and MLLM reasoning

Remote

May 2025 – Oct 2025

### AGI Lab, Westlake University

*Undergraduate Research Assistant, advised by Prof. Chi Zhang*

- Led the development of Auto-Slides, a multi-agent system for academic presentation generation

Hangzhou, China

Aug 2024 – Present

## Selected Publications

## Projects

---

### Auto-Slides

 [GitHub](#)

An interactive multi-agent system that transforms research papers into pedagogically structured academic presentations, leveraging cognitive science principles and interactive optimization techniques.

### Luka Homepage Template

 [GitHub](#)

A warm, minimal, responsive academic homepage template — the template behind this site.

### SpeaKoach

 [GitHub](#)

A private speaking coach that actually listens: it talks back in character, scores every phoneme, and highlights the sounds that gave you away.
